Edit Details

Enrolment requirements met and service provision allowed

Consultation date 08-Dec-2023

Patient name

If Patient name is not registered, click here to enter Pharmacy Contraception Service - Referral and Registration

Patient age years

Service entry

Method of entry to service

- ☐ Recruited by Pharmacy Team
- ☐ Self-referred
- ☐ Subsequent visit after first repeat supply
- ☐ Referred by other healthcare provider

Service type

Service type

- ☐ Initiation
- ☐ Ongoing monitoring / supply

Consent & GP Practice

Consent to service

The patient consents to the following:

- The pharmacist to provide them with a supply of oral contraception.

The patient's information will be legally shared with:

- **NHS England** as part of the service monitoring and evaluation; and
- **The NHSBSA and NHS England** for the purpose of contract management and post-payment verification (PPV).

Consent: ☐ Yes ☐ No

Consent given

Consent not given

Consent to share with GP

If you give consent for data sharing, the information you provide will be passed to: **your GP**.

To inform your GP of the supply of oral contraception via the NHS Community Pharmacy Oral Contraception Management Service. If you don't give consent your GP will not be notified.

Consent to share: ☐ Yes ☐ No

Consent to share given

Consent to share not given

- ☐ Acting in best interest of young person
- ☐ Likely to continue with sexual activity

Patient competent ☐ Yes ☐ No

Patient is **under 13 years of age** record action taken below:

Record action taken

(Do **not** include patient identifiable information)

CSE Risk Evaluation

For all young people under the age of 18 years a short evaluation of CSE risk should be completed.

Please ask the following 4 questions. If any apply the pharmacist should speak to the local safeguarding lead and follow the local safeguarding policy. Further advice can be found in the [NHS Safeguarding App](#).

CSE question checklist

- ☒ Have you ever stayed out overnight or longer
- ☒ How old is your boyfriend or person(s) you have sex with
If difference over 4 years tick (and record age)
- ☐ Does your boyfriend or person(s) you have sex with stop you from doing things you want to do
- ☐ Thinking about where you go to hang out, or to have sex. Do you feel unsafe there
- ☐ No concern of CSE

Age of partner

Patient Excluded

You have selected one or more risk factors. Speak to your local safeguarding lead and follow the local safeguarding policy.
(A printable Safeguarding Referral Form will generate when you save this record)

Record action taken

(Do **not** include patient identifiable information)

Current contraception

Contraception method

- ☐ None
- ☐ Injectable Contraception
- ☐ Implant
- ☐ Intrauterine Device (IUD)
- ☐ Intrauterine System (IUS)
- ☐ Vaginal Ring
- ☐ Contraception Patch
- ☐ Combined Pill
- ☐ Progestogen Only Pill
- ☐ Cap/Diaphragm
- ☐ Spermicides
- ☐ Natural Family Planning
- ☐ Condom (Male)
- ☐ Condom (Female)
- ☐ Emergency contraception
- ☐ Other

If 'other' please state

Have you discussed alternative and more effective forms of contraception (e.g. LARC) with the patient?

☐ Yes ☐ No

Would the patient like the opportunity to discuss the administration of a LARC with a specialist e.g. GP / Sexual Health Clinic?

☐ Yes ☐ No

Medical history

The patient's electronic health records can be accessed via the **Summary Care Record** link on the right-hand side of the page when your NHS Smartcard is connected.
