Subject: Contractor Update: Outcome of AGM & Special General Meeting

Importance: High

Dear Contractors,

Following our AGM and Special General Meeting on Sunday 27 September, I am pleased to share the outcome of the contractor votes.

All three resolutions presented to contractors were approved:

- Annual Accounts – APPROVED: 79 votes in favour
- Revised Constitution – APPROVED: 83 votes in favour
- Proposed Boundary Change – APPROVED: 83 votes in favour

The approval of the proposed boundary change is an important milestone and provides the mandate for us to progress the next stages of the proposed realignment, which would see Northamptonshire contractors join us from 1st April 2027.

This represents a significant next chapter for Community Pharmacy LLR. The proposal is intended to create a stronger and more resilient organisation, aligned more closely with the wider NHS footprint, while ensuring that local representation, contractor engagement and accessibility remain at the heart of what we do.

There is now further work to undertake before the proposed changes are implemented. We will continue working with Community Pharmacy England and our colleagues representing Northamptonshire to ensure that the transition is carefully planned, and we will keep contractors updated as this progresses.

Most importantly, thank you to every contractor who took the time to vote and engage with the consultation, drop-in sessions and SGM. Your participation has been incredibly important throughout this process.

We look forward to working with you as we move into this next chapter.

Kind Regards
Rajshri Owen MRPharmS
Chief Officer
